**Hearing Date:** 1/29/09

**Staff:** Jon Hedegard (786-7127)

**Background:**

Flood coverage may be offered by an insurer in a homeowners policy but it is typically excluded from coverage. Coverage is generally purchased separately via the National Flood Insurance Program (NFIP). The NFIP was established in 1968 by the federal government. The stated goals of the NFIP are to:

- protect communities from potential flood damage through floodplain management; and
- provide people with flood insurance.

The NFIP requires communities adopt and enforce measures to help reduce the consequences of flooding.

According to the NFIP, approximately 32 insurers participate in the NFIP in Washington. There is no state oversight of the NFIP policies. The NFIP policies may be offered by participating insurers and their agents. Agents licensed in Washington who sell federal flood insurance

The notice must be provided when the policy is issued and then annually. The notice must also inform the policyholder how to contact the National Flood Insurance Program (NFIP), a NFIP agent, or both. Specific language that satisfies the notice requirement is provided for insurers.
